

8 WAYS TO HELP CHILDREN STRUGGLING DURING LOCKDOWN

1

Know how to spot the signs

If you notice your child is becoming withdrawn, that there's been a change in sleeping or eating habits, if they seem to lack confidence or get upset, it might be a sign they're struggling.

2

Talk to your child

If you spot signs your child might be struggling, it's important to talk to them. Keep talking and trying to communicate in any way you can - hugging, listening to them, texting them.

3

Create structure and routine

Try introducing a rota or loose timetable that includes fun things you're doing during the week. This can help to create a feeling of stability, which can alleviate anxiety.

4

Give children a sense of control through information

Look online with your children to find useful information and resources that help children feel they have control.
