

S.O.P.H.I.E = 'Stamp Out Prejudice, Hatred and Intolerance Everywhere'

At Cheetwood combating 'hate crime' is important and by implementing the S.O.P.H.I.E programme pupils are supported to look safely at issues of diversity and to explore how the differences between people, particularly differences in appearances, determine judgements and actions.

By participating in this programme the pupils will learn

- To avoid judging people solely on their appearance/subculture
- To seek out similarities between people rather than their differences
- To find value in differences between people

The outcomes of this programme integrate with key areas across the three core themes of Phase 2 P.S.H.E and SEAL

S.O.P.H.I.E is an educational programme designed to further the aims of the Sophie Lancaster Foundation.
